HOUSTON IS MADE NEW SECRETARY OF THE TREASURY

First Move Will Be Assurance of No Changes in Personnel.

MEREDITH GETS BERTH

Iowa Editor and Financier Nominated Secretary of Agriculture.

Washington, Jan. 28.—As soon as David F. Houston is confirmed by the senate as secretary of the treasury his first step will be to summon together the officials in high executive posts and give assurance that the official personnel is to remain undisturbed. All of the present assistant secretaries are expected to continue in the service for some time.

Contrary to reports current yesterday, Assistant Secretary Rowland C. Leffingwell is expected to continue in office indefinitely, or at least until some of the important features of the financial program, engineered by him since the beginning of the war, are successfully consummated. Although Mr. Leffingwell has been mentioned prominently in connection with the post vacated by Mr. Glass, he never actually was considered an active candidate for the job. He is said to feel in no sense disappointed because he was not selected.

Washington, Jan. 28.—David F. Houston of St. Louis, now secretary of agriculture, was nominated by President Wilson to be secretary of the treasury. At the same time Edwin T. Meredith of Des Moines, Ia., was nominated to succeed Mr. Houston.

Mr. Meredith said that he hoped to work out some solution of the problem of getting crops to market "without much loss motion." In his opinion this is "the basis in fact of all permanent prosperity."

Mr. Meredith was a member of the labor mission sent abroad during the war, of the excess profits board of the treasury department and of the public group at the industrial conference last October. He has been a director of the federal reserve bank at Chicago since its organization, and is president of the Associated Advertising Clubs of the World.

Dr. Hugh S. Cumming of Hampton, Va., was nominated surgeon general of the public health service by President Wilson. He succeeds Dr. Rupert Blue, whose term expired on Jan. 15. The third cabinet change, expected soon, is the appointment of a secretary of the interior to succeed Franklin K. Lane, who desires to retire to private life. Mr. Lane's successor has not yet been selected and officials generally would not hazard a guess as to who it would be.

In selecting Mr. Houston to succeed Carter Glass as secretary of the treasury the president ran counter to all guesses of administration officials, most of whom had expected Assistant Secretary Leffingwell to be named.

In choosing Mr. Meredith to succeed Mr. Houston the president selected a practical farmer as well as a business man. Mr. Meredith is the editor of Successful Farming, and before establishing that paper was publisher of the Farmers' Tribune.

Meantime Mr. Houston will succeed Mr. Glass, who will take his seat in the senate to fill the unexpired term of the late Senator Martin of Virginia, after serving as secretary of the treasury for a little more than a year.

When Secretary Lane passes out of the cabinet only four of the president's original official family will remain. Besides Mr. Houston, they are Secretary Daniels of the navy department, Secretary Wilson of the labor department and Postmaster General Burleson.

LIMITATION OF TAX RATE TO 1 PER CENT ON ANY CLASS OF PROPERTY AIMED AT IN BILL

Columbus, O., Jan. 28.—As a result of the deadlock between the house and the senate over the taxation bill, which seeks to break the Smith 1 percent tax law, the joint committee on taxation has proposed the submission of a constitutional amendment, limiting the tax rate on any class of property to 1 percent. The committee will draft the measure and recommend it to the legislators.

If the proposed measure should become a law, the tax on real estate and personal property would be limited to 1 percent. The proposed amendment also plans to authorize the legislature to allow cities and school districts to exceed this 1 percent rate by a majority vote. The deadlock in the joint conference committee continues. No compromise can be made, it appears, as

DAVID F. HOUSTON

Succeeds Glass as Secretary of the Treasury.

YOUTH CHARGED WITH ATTEMPT TO KILL FATHER

Fred Griffith, 23 years old, who was in custody of the local police and sheriff a few weeks ago for stealing an automobile from his father, was arrested Tuesday charged with the attempted murder of his father, Harry H. Griffith, 50 years old, at his home in Sabina.

It is charged that the son fired four bullets at his father, two taking effect in his head and the others in his shoulders. He is not expected to live. The son is confined in the Clinton county jail in Wilmington.

Young Griffith is an ex-soldier, and it is alleged that he is mentally affected as a result of gassing and shell shock.

At the time he was arrested here early in the winter, he was charged with having stolen his father's car, which he took to Dayton and sold. The taxi driver knew Griffith was wanted and he went to a nearby house and telephoned local police. Police Officer Day and Deputy Sheriff George Birch arrested Griffiths near the Robbins and Myers factory on Home avenue, and he was brought to Xenia and later given into the custody of his father. The father was warned at that time by Chief of Police Canaday that the boy's mental condition was such that he should be placed where he could do no harm. The warning was not heeded by the parents.

In his announcement Mayor Davis declares he will begin his personal speaking campaign at once and that he will carry the fight for nomination into all counties of the state regardless of whether the county organizations have endorsed other candidates. Davis' headquarters will be opened in Columbus in the near future and efforts will be made to establish organizations in every county.

The ousting of the radical element, the profiteers and the wiping out of debts in the cities of the state are some of the planks in the Davis platform.

DENTAL SUIT FILED

Chicago, Jan. 28.—Expert dental testimony on the question of whether pyorrhea is curable will be given in a suit filed here by Dr. H. T. Rohweder against Miss Florence Brandt of Davenport, Ia. Dr. Rohweder wants \$2500. Miss Brandt claims he did not cure her of the disease.

BIG BOND ISSUE FOR ARMY BILL IS FORECAST

Mondell Attacks Universal Training for Youth of Country.

COST ONE BILLION

Estimates 50,000 Additional Officers Would Be Required.

Washington, Jan. 28.—Republican leaders of the house and senate are at variance in the matter of enactment of universal military training legislation.

Closely following incorporation of a universal training provision in the army reorganization bill by the senate military committee, with seven out of nine Republicans voting in the affirmative, Representative Mondell, Republican leader in the house, declared in an address that leaders of the party responsible for such legislation would be cast into political oblivion.

The government, Representative Mondell told the house, would be compelled to spend \$1,000,000,000 and to raise the money by a bond issue to put the universal training plan into operation. Senator Wadsworth, of New York, chairman of the military committee, estimated that the adoption of four months' training for all youths between the ages of 18 and 21, inclusive, would enable such a reduction in the regular army establishment as to cut the present annual expenditure of \$1,100,000,000 to approximately \$500,000,000.

Representative Mondell estimated that 50,000 additional officers would be required under universal training and that \$300,000,000 would be required to put camps and cantonments into condition, and \$50,000,000 would be needed to maintain them. Clothing and equipment for each youth would further increase the cost, he said.

The universal training controversy also was brought to the surface by declaration of Representative Harrell, Republican, Oklahoma, to accept appointment to the house military committee. Selection of Mr. Harrell by the committee on committees to fill the committee vacancy resulting from the resignation of Representative La Guardia of New York had brought objections from house Republicans favoring universal training, and the Oklahoma representative in his letter of resignation to Republican Leader Mondell said he "did not desire to be the center of a controversy."

BOATMEN CARRYING BREAD TO SECTIONS OF PARIS ISOLATED BY FLOODS.

Floods cause misery in Paris

Untold misery in the poorer quarters of Paris has been caused by the phenomenal rise in the waters of the Seine. In many of the more thickly populated sections of the city the

water has risen to a height of from two to three feet. Many families have been completely isolated and have suffered from a shortage of food necessities. This photograph gives a striking idea

of the situation. Boatmen of the River Seine are shown transporting loaves of bread through the streets of the inundated sections to the homes of the people cut off by the floods.

UNCLE SAM GETS POSSESSION OF LARGE QUANTITIES OF LIQUORS WEDNESDAY THROUGH SEIZURE

Washington, Jan. 8.—Uncle Sam came into technical possession of large quantities of intoxicating beverages today. All unregistered intoxicants were today liable to seizure by the internal revenue commissions.

Under rulings issued by Commissioner Roper all liquors stored in warehouses or other storage places, not registered with the bureau of internal revenue, were to be seized.

DISCRIMINATION AGAINST ARMY OFFICERS MADE

Washington, Jan. 28.—Discrimination against army officers who entered the service for the war and who are now under treatment for tuberculosis and other incurable diseases, is charged in a letter received today by members of congress.

The letter charges that the war department will discharge such men from the army hospitals at the conclusion of one year of treatment, placing them on their own responsibility and resources. The communication is signed by Francis K. Diamond, second lieutenant of infantry, now stationed at the army hospital at Oten, N. C.

The letter charges that officers of the various military camps are dividing their patients into two classes, one comprised of those who will be cured in six months following the expiration of the year's treatment, and those who are in such condition that hope for cure in that time is impossible. Those who have prospects of cure will be permitted to remain.

Officers in the regular service will not be forced to leave the hospitals. Diamond said the war department has sufficient funds, appropriated by congress, to continue the treatment of "these men."

He asks that the war department be forced by legislation to continue treatment. If this is not done, he urges the support of the Mason and Stevenson bill for the retirement of temporary officers.

The patients of the tubercular hospital at Whipple Barracks, Ariz., also have petitioned congress for the passage of the Mason and Stevenson bill.

ECONOMIC EXPERTS USED BY MINERS TO VINDICATE WAGES

Washington, Jan. 28.—Economic experts from big business enterprises, universities and public boards and commissions throughout the country were brought into the wage controversy between the president's coal commission today by the bituminous miners in their effort to vindicate the demands for a sixty percent increase in wages with a six hour and five day week as working time.

In the list of those whom the miners have summoned to their aid before the commission is R. S. Hanna, economist and doctor of philosophy at Johns Hopkins university; Leland Olds, statistician for the ship building wage adjustment board; Arthur Sturgis, consulting engineer at Boston; Dr. H. J. Harris, of the Library of Congress; W. W. Hubbard, secretary of the immigration bureau, and L. S. Trigg, L. M. Magnesson and W. Jett Lauck, of the former war labor board.

NEXT WAR IN PACIFIC London, Jan. 28.—The prediction that the "next war would probably break out in the Pacific," was attributed to Premier Hughes, of Australia, in a Central News dispatch from Melbourne today.

WATER POWER OF NEW YORK WILL BE USED

Albany, N. Y., Jan. 28.—The socialist assemblymen who are on trial for their seats in the state assembly are today in possession of a copy of a bill which, they declare, will be put through without opposition as soon as they are seated and which will give to private corporations the water power of the state of New York.

They also allege that a plan is under way in the New York assembly to raise street car fare in New York.

Albany, N. Y., Jan. 28.—The defense of the five socialist assemblymen who are fighting their unseating by the New York state assembly on the ground that they favor revolution in America, is being vigorously prepared and will be presented as soon as the evidence for the state has been laid in full before the judiciary committee of the assembly.

This defense will be made up entirely of an effort to show that socialism of the brand which the five assemblymen endorse and communism which is being attacked by the prosecution, are two different doctrines.

The attorneys for the state, however, foreseeing this defense are reading into the records the evidence, literature of the socialism or communism which is published by the socialist party or by socialist publishing houses. Great emphasis is laid on the fact that the socialists have been selling communist pamphlets and giving wide publicity to documents and books which though not written by socialists, encourage the overthrow of all capitalists government.

EXPORT DUTY ON PAPER IS LIKELY

Ottawa, Ont., Jan. 28.—(Canada) were current today that the Canadian government may impose an export duty on news print paper shipped from this country. The revenue, it was said, would be applied to the reforestation. Officials contend that American newspapers depending on Canada for their newsprint paper should curtail their size and editions.

BRADFUTE RAPS CLASSIFICATION IN ADDRESS AT FARMERS' WEEK CONVENTION IN CAPITAL TUESDAY

Columbus, O., Jan. 28.—In an effort to prevent the legislature from breaking the Smith 1 percent tax law, and to obtain legislation which will force intangible property on the tax duplicate, farmers gathered here for farmers' week, representing the State Grange and the Home Protective league, will attempt to exert their influence on the legislators.

Committees representing the various farmer organizations are expected to confer today with members of the house and urge them to oppose the proposed taxation bill now in the hands of a conference committee.

Columbus, O., Jan. 28.—A rap at classification was taken Tuesday by O. E. Bradfute, of near this city, president of the Farm Bureau Federation, in an address as part of the Farmers' Week program at Columbus, this week.

He warned farmers to be on their guard against any movement to place classification in the constitution.

"Effort is being made to take all the taxes from intangibles and place them on land," he said. "That would result in higher taxes for the farmer. When this happens the classificationist will blame classification for

your higher taxes and urge you to support a new campaign for classification."

Mr. Bradfute, as well as other speakers, denied the federation and other farm business organizations operate for ulterior purposes. They said its object is to bring consumer, distributor and producer together, disseminate information, correct errors, eliminate needless costs and increase production.

The farmers' organizations now in attendance at farmers' week are bringing pressure to bear upon the legislature to prevent the fracture of the Smith one percent law and to secure legislation adding intangibles to the list of taxables.

Committees representing the farm organizations will see members of both houses, to persuade them that the Gardner bill is iniquitous. The campaign is being led by L. J. Taber, Barnesville, master of the State Grange, and prominently connected with other state organizations.

Registration for the first two days of farmers' week at Ohio State University totaled 3,046. This is 456 more than the first two days' registration last year. Total registration for the week last year, 4,800. Officials of the farmers' federation predict that the total attendance this year will be much greater.

Frederick Wilhelm will be followed shortly by Prince Oscar, another son of the Kaiser, who plans to establish himself in the state of Usulutlan, Salvador, in central America, declared Misheimer. German agents have recently purchased large plantation properties in that district. Herr Misheimer intimated that the ex-crown prince would be the guest of President Carranza for a short time after his arrival in the capital.

DETZER CASE TO GO BEFORE COURT

New York, Jan. 28.—The case of Captain Karl W. Detzer, of Fort Wayne, Ind., charged with cruelty to American prisoners, while he was in command of the military police in the Lemans area of France, probably will go to the military court tomorrow night for a decision. If Detzer is acquitted the verdict will be made public by the department commander, but if he is found guilty the evidence will go before a reviewing board selected by President Wilson before the verdict is announced.

**STREET SIGNS POINT LESSON SAYS MINISTER**

A unique and original theme on his subject of "Signs" was used by Rev. Charles P. Prouditt, pastor of Second United Presbyterian church, in an address before the members of the Chamber of Commerce at the noon luncheon Wednesday.

Dr. Prouditt explained a lesson that is taught in the everyday signs of the times, applying them to the character of people. He illustrated the push and pull signs on doors, stating that some people are pushing their city forward while others are pulling it down.

The move up front and the step to the rear signs in street cars apply to the character of many people, the speaker explained as well as the lift up and pull down signs on mail boxes. Dr. Prouditt, who was for a time president of the Iowa State Anti Saloon League and an active member of the Des Moines Chamber of Commerce gave an interesting history of Edward L. Meredith, of Iowa, recently appointed new Secretary of Agriculture. Dr. Prouditt said that some time ago Mr. Meredith had entertained a large party of eastern advertisers at a banquet at which champagne was served, and this fact was used against him when he ran for governor of Iowa five years later on the anti-saloon ticket and was defeated.

# MANY PEOPLE REPORT BIG GAINS IN WEIGHT

THOUSANDS OF THIN, FRAIL  
PEOPLE RESTORED TO  
HEALTH BY TANLAC

MANY REMARKABLE  
EXPERIENCES TOLD

People in all Ranks of Life Tell  
What Celebrated Medicine Has  
Done for Them

ONE of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and every thing I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started taking Tanlac.

Texas Man Testifies.  
Another remarkable case was that of John M. Crabtree, a general merchant of Five Mile Stone A., Dallas, Texas.

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac. I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds."

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

## MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND  
TOLD OPERATION WOULD  
BE HER ONLY HOPE

"I HAVE just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 550 Mill Street, Prattville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her goodbye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for awhile. The next day, as I returned from the consultation room, I thought of what she had said, and as I had heard so much about Tanlac, I decided to try it and got a bottle."

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

Everybody in Columbia, Tenn., knows F. G. McGavock, who owns and operates a little dairy business in that city.

"If there ever was a believer in Tanlac," says R. M. Smiser, the well-known Columbia, Tenn., druggist, "it is Mr. McGavock, as he talks about it all the time. But he has a right to talk, as no medicine ever helped anyone as much as Tanlac helped him."

Here is Mr. McGavock's statement:

"I have now taken five bottles and have gained thirty pounds. I don't know what my trouble was, but I was all run down and unfit for work. Tanlac simply made a new man of me and I expect to tell all my friends what it has done."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are: Mrs. E. O. Wilson, of 109 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Julietta, Idaho, who gained 22 pounds; Mrs. Dell Davis, of 108 Samuel Ave., Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 508 W. Charleston St., Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 25 pounds; W. S. Hukill, 7308 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett St., Omaha, Neb., who gained 35 pounds; Fred W. Saunders, 710 Market St., San Francisco, Cal., who gained 24 pounds and many others too numerous to mention.

CHAPTER 37.

"What did Marion say when you told her, Robert?" I asked again, determined he should tell me.

"She was very sweet and sympathetic."

"Is that what you asked me not to preach, because she didn't?" Then, "She isn't your wife. What difference does it make to her if you have no position? It will give you more time to spend with her—I suppose she thinks!" The look on Robert's face halted the hot words which fairly tumbled over each other. Once more I had let my jealousy make me say things I had not intended to say, and I was at once contrite.

"No—she isn't my wife," Robert said slowly, then "I think I'll go to bed, Gerry."

"Yes, Gerry. You will want to be fresh to look for a position," I replied, then crossed to where he sat and kissed him fondly. "Don't get blue, dear, you won't be out long."

Robert went to bed and I took a pencil and paper to figure out just what we could do now that we had only my salary to depend on. Of course I expected Robert to secure another position at once, but he might not. I would manage somehow, but I felt almost sure Aunt Felicia would have to go; and equally certain that Robert never would

"When I accepted your offer and tried Don Sung, I had been getting 1 or 2 eggs every other day. The next month, using 50 cents worth of Don Sung, my 11 hens laid 221 eggs. I almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefonte, Pa. Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

Don Sung (Chinese for ever-living) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying.

HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous, and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

tell her to, or the reason why we could entertain her no longer.

"It's a good thing I did not give up my position when he asked me to," I said to myself as I realized that it would be hard for us to live where we were with Robert's pay stopped.

"I wonder what Marion told him?" I mused. "He never mentioned a word she said. I must ask him in the morning."

"She was sweet and sympathetic," he had said. I suppose he thinks I am neither, just because I am a good business woman. She's not his wife, and it is easy enough to be sweet when one is not affected, and does not have to economize because of the misfortune."

I had decided I would not buy a new coat I had looked at the day before. We could not afford it now that I had all the expenses to pay out of my salary.

I did not say it even to myself, but I knew that in my heart I blamed Robert, that I was not sympathetic. I felt annoyance that our friends would have to know he had failed to make good. That he had not been worth promotion had hurt me cruelly, but that was nothing compared to this. And I knew Robert. He wouldn't gloss anything over; he would tell everyone he had been discharged, and why.

I could not sleep altho I pretended to, because I knew Robert was also awake. In the morning—right after breakfast—we told Aunt Felicia. I nodded to Robert to tell her to go; but he only frowned and said nothing to her. It made me awfully cross. I would not go on paying for his relatives! I was willing to do anything I could for him, would try and not let him feel inferior, but I would balk at his relatives when he was out of work.

"I shall get another position soon," he had said when he told her, and she had assured him of her belief in him, and had sympathized with him to such an extent that I thought to myself: "He will be telling her she is 'sweet' next, just as I suppose he told Marion Hovey."

"Of course you will, and you mustn't be down-hearted. I know men who are prosperous today who laid the foundation of their success after being discharged as incompetent. And I am sure you weren't that; it was a mistaken idea of you on your employer's part."

"We shall have to economize," I broke in, apropos of nothing.

"I suppose you will, for a time." No offer to go accompanied the remark however.

"It is a good thing for Robert he has a wife who can earn enough to take care of us while he is out of work. It costs a good deal for two to live now-a-days," I said acidly.

"Yes, you should live in a less expensive place." Still no sign that she took to herself anything I had said or implied.

"We cannot do that? I must be comfortable when I work so hard. We will have to reduce in some other way." As there was no response to this I turned to Robert.

"Walk a ways with me, Robert. I have something to tell you." Tomorrow—A Quarrel Over Aunt Felicia.

# MANY PEOPLE REPORT BIG GAINS IN WEIGHT

THOUSANDS OF THIN, FRAIL  
PEOPLE RESTORED TO  
HEALTH BY TANLAC

## MANY REMARKABLE EXPERIENCES TOLD

People in all Ranks of Life Tell  
What Celebrated Medicine Has  
Done for Them

ONE of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started taking Tanlac.

**Texas Man Testifies.**  
Another remarkable case was that of John M. Crabtree, a general merchant of Five Mile Stone A., Dallas, Texas:

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac, I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds."

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

# MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND  
TOLD OPERATION WOULD  
BE HER ONLY HOPE

"I HAVE just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 550 Mill Street, Wetzelville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for awhile.

The next day, as I returned from the consultation room, I thought of what she had said, and as I had heard so much about Tanlac, I decided to try it and got a bottle."

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

Everybody in Columbia, Tenn., knows F. G. McGavock, who owns and operates a little dairy business in that city.

"If there ever was a believer in Tanlac," says R. M. Smiser, the well-known Columbia, Tenn., druggist, "it is Mr. McGavock, as he talks about it all the time. But he has a right to talk, as no medicine ever helped anyone as much as Tanlac helped him."

Here is Mr. McGavock's statement:

"I have now taken five bottles and have gained thirty pounds. I don't know what my trouble was, but I was all run down and unfit for work. Tanlac simply made a new man of me and I expect to tell all my friends what it has done."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are: Mrs. E. O. Wilson, of 409 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Julietta, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 198 Samuel Ave., Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 508 W. Charleston St., Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 25 pounds; W. S. Hukill, 7308 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett St., Omaha, Neb., who gained 35 pounds; Fred W. Saunders, 710 Market St., San Francisco, Cal., who gained 24 pounds and many others too numerous to mention.

## THE PRO AND CON OF THE DEPORTATION QUESTION.

Francis Fisher Kane, resigned as United States attorney for the eastern district of Pennsylvania because of his sympathy with radicals and his unwillingness to take part in the war A. Mitchell A. Palmer, attorney general, has been waging throughout the country on those who advocate the destruction of the government by violence.

The dispatches seem to intimate that Mr. Kane was likely associated with the Communist colony at Philadelphia, as mention is made that his sister had been taking part in protesting against some of the arrests that had been made. Attorney General Palmer, in answer to Mr. Kane's letter of resignation, answered him that he thought Mr. Kane's resignation was the proper course for him to pursue when he refused to arrest people for violation of law. As a friend at our elbow remarks: "There are generally two sides to every question," we will give you Mr. Kane's side, or a little bit of it, and leave you to decide whether or not the government is going too far in the deportation business.

In his letter of resignation, among many other things, Mr. Kane says:

"As regards the policy of taking the initiative in securing wholesale deportations under the act of October 16, 1918, I question the wisdom, and indeed the justice of pursuing noncitizen members of the Communist party—the mere members I mean and not the active individuals—when we are unable on the facts before us to punish citizen members under the espionage act and the limitations prescribed by the constitution. It is one thing to deport an alien coming into this country by administrative methods, but it is quite another thing to deprive a man who has been in this country a long time, and who perhaps has a wife and children here, of what we are accustomed to think as constitutional rights, irrespective of a man's citizenship. I refer, of course to the right of trial by jury, etc., which the alien to be deported does not have. We must remember the fact that many of these people have wives and children, in many cases born in this country, and by the deportation of the father and breadwinner we are inflicting a much more cruel punishment than if we put the man in jail under definite sentence. Under the terms of deportation law you will remember that it is an offense for a man once reported to afterward attempt to return to this country, so that deportation means a lifelong separation of the man from his wife and family. Such discrimination against the alien who has not been naturalized is bound to bear ill fruit in the long run.

"Among the cases that have come to my notice of persons caught in the recent raids in Philadelphia is that of a Russian Jew barber whose wife is an American-born Methodist. They have six children all under eleven years of age, the youngest being only six months old. When the man was arrested there was absolutely no money in the house. His employer speaks highly of his character and industry. Though he may very likely be deported I cannot regard him as a menace to society just because he was a member of the Communist party. I think it is not only foolish, but an outrage to take him from his wife and children and leave them dependent upon charity. I have no doubt but that there are hundreds of such cases.

## EVERYBODY'S CONCERN.

"With the quarrels of Europe we have nothing to do," said President Wilson once upon a time, trying to persuade himself and the public that what both hoped for was true, and America would be able to keep out of the conflict. But irresistible events soon swept away all such doctrines.

The world-wide swept America into European intervention. America could not let Europe alone because Europe would not, and could not, let America alone.

"Russian affairs," said Lloyd George a few weeks ago, "are not the concern of the western allies."

But Russian affairs have made themselves the concern of the western allies. Lenine is clearing all interior and southern Russia of his foes. Armed Bolshevism is pushing far into Siberia and threatening India and pressing against all confines on the east, south and west, and is looming up as a genuine world menace.

Wherefore, the supreme allied council in Paris, with Lloyd George concurring, has decided to take notice of Bolshevism. The peril is not to be fought openly by armed force, but by subterfuge, through the lifting of the economic blockade and the sending of food and other necessities to the Russian peasants. With the basic wants of the Russian people cared for, it is hoped that they may be weaned away from Bolshevism.

The plan may work, or it may not. The incident, however, serves to emphasize once more the big fact of the present-day world, that no nation lives unto itself or dies unto itself, but that the affairs of every nation are the concern of every other nation.

## Murdered By Turks When Money Concealed

Worcester, Mass., Jan. 26.—Dr. Sarkis Emanuel, graduate of the Chicago medical school, was hanged by the Turks when he refused to tell where the family treasures were hidden, according to a letter received by his brother, James Sir Emanuel, a wholesale candy merchant of this city. Later the Turks forced the doctor's young wife to show where the valuables were. All of the members of the Emanuel family were either massacred or died by starvation in the deportations from Armenia. The letter stated. The candy man therefore finds himself sole heir to what was once one of the largest silk industries in Asia Minor. The estate is located near Harpoot city."

## CENTRAL HIGH WILL PLACE TEAMS ON FOREIGN COURTS

Coach Faires has scheduled two games for his charges on Friday night, both of them to be played away from home. The first team will travel to Circleville to meet the team of that place, while the second string men will stack up against Urbana on the latter's floor.

Urbana was met on the local floor earlier in the season and the local team had little difficulty in winning out 26 to 10. This is the first year Urbana has had a team, but they made a creditable showing here. However, Coach Faires thinks that the second team can successfully cope with them and so booked another game for his first string men. Mr. Hiers will probably accompany the squad sent to Urbana, which will include the whole squad with the exception of LeSourd, Riddell, Moore, Knece, Boxwell and Bales, who will make the trip to Circleville. Little is known concerning the strength of the Circleville team, but the town is favorable to basketball, numerous teams from Camp Sherman being imported to furnish opposition. The high school is classed with Washington, Greenfield and Chillicothe, so should have a fast aggregation. Last week they played Greenfield, but the result of the game could not be learned.

The squad has not been struck by the grip and Coach Faires says that if all the players are able for service Friday night, two wins should be registered for the local school.

## BRADY QUINTET TO FURNISH EXCITEMENT

The Brady quintet will furnish the excitement on the local court this week as the high school games are scheduled away from home. The team representing the Willis Business University of Springfield, has been secured by the local team as the attraction for Friday night.

The business school has the reputation of placing a fast team on the floor and last year, Sumner Fess, star on the state champion East Liverpool team a few years ago, played with them, but it is understood that he is not connected with the team this year. However, the class of the team is shown by the fact that they have won five straight games, defeating some of the best teams in Springfield.

The local team has been improving steadily and are promising to put a fast team on the floor Friday night. The team will be minus the services of Guilday the sensational guard, who is at school, but Diver Belden has promised to return to the

indoor game, according to captain Eforen, and several other members of the old Brady quintet may don the abbreviated once more.

The Bradys have won three and lost two games, winning at the expense of Kingman and Clarksville, and losing to Cedarville and the Dayton Beavers. They are determined to place the coming contest on the winning side, and by so doing boost their average.

### OHIO WOMEN

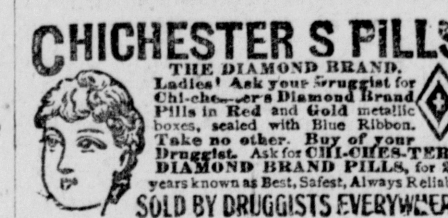

Cleveland, Ohio.—"I can highly recommend Dr. Pierce's Favorite Prescription to women of middle age. I was in a miserable condition a year or so before I reached the climacteric. My bladder gave me so much distress and I also suffered with inflammation and displacement. I don't believe any woman could be more uncomfortable than I was when I started to take the

'Favorite Prescription.' My improvement was so slow at first that I became impatient and wrote to the Invalids' Hotel for advice, which was given me freely, and very kindly. By following this advice I was eventually restored to a healthy condition. I am now safely through this trying time and have 'Favorite Prescription' to thank for my present good health, so do not think that I am making any mistake in advising other women who are distressed at this time to give Dr. Pierce's Favorite Prescription a trial."—Mrs. J. W. KESLER, 2344 E. 76th St.

Conneaut, Ohio.—"In my young womanhood I used to suffer severely at certain times until I took Dr. Pierce's Favorite Prescription. This medicine not only cured me of this condition but it laid the foundation for a healthy womanhood. I highly recommend the 'Prescription' to all young girls who suffer with inward trouble or periodical pains and I would never hesitate in giving 'Favorite Prescription' to my own daughters if they were in need of such medicine."—Mrs. SARAH HILDEBRAND, 329 Harbor St.

Ashtabula, Ohio.—"I have heard my daughters praise Dr. Pierce's Favorite Prescription so highly that I do not hesitate to recommend it to other women."—Mrs. CARRIE WHELFLEY, 607 Lake St.

## Murdered By Turks When Money Concealed

Worcester, Mass., Jan. 26.—Dr. Sarkis Emanuel, graduate of the Chicago medical school, was hanged by the Turks when he refused to tell where the family treasures were hidden, according to a letter received by his brother, James Sir Emanuel, a wholesale candy merchant of this city. Later the Turks forced the doctor's young wife to show where the valuables were. All of the members of the Emanuel family were either massacred or died by starvation in the deportations from Armenia, the letter stated. The candy man therefore finds himself sole heir to what was once one of the largest silk industries in Asia Minor. The estate is located near Harpoot city.

## SAYS HOUSEWORK IS EASIER NOW THAN FOR YEAR

**Vola-Tonic Brought  
Strength and Made Her  
Health Better All Over.**

Over a year ago Mrs. Mary Mullin, 725 West Ninth street, Cincinnati, O., started going down in health.

She finally got so that she was troubled with indigestion and constipation and she couldn't sleep right at night, and her housework became a burden.

Recently, Mrs. Mullin started taking Vola-Tonic, "Builder of Strength." "I feel better since taking Vola-Tonic than for a year and my housework is easy now," Mrs. Mullin said after taking Vola-Tonic a short time.

"I really noticed that my health was getting poorer five years ago, but the past year it has gotten worse rapidly. I was troubled with indigestion and constipation. Nothing I ate agreed with me, but caused gas to form on my stomach, which resulted in pains and pressing against my chest. I was so badly constipated that I had to take laxatives all the time.

"My sleep was broken every night, too. It was impossible for me to get through a night without waking frequently, and, of course, I didn't get much rest.

"As I said, I feel better now than for a year. Vola-Tonic has completely banished the indigestion and constipation. Food agrees with me now and the gas on my stomach and pressing pains are gone. My bowels are regular also. I never have to take laxatives.

"Vola-Tonic also has enabled me to sleep soundly nights and get proper rest. I never wake up from the time I go to bed until morning, and then I arise refreshed.

"I am stronger and better than for a year and my housework is easier than it has been in that length of time.

"I can recommend Vola-Tonic highly because of the good it has done me." Vola-Tonic "Builder of Strength," has an invigorating effect on the entire system, and builds up new strength and better health.

Vola-Tonic is being specially introduced in Xenia at Sayre & Hempel's.

## CHURCH CAN NOT BE REGARDED AS PUBLIC CHARITY

On the grounds that a church can not be regarded as a public charity, Judge J. C. Marshall overruled, Tuesday, exceptions which had been filed to the determination of the income tax to be paid by the First Methodist Episcopal and the First Reformed churches, as beneficiaries under the will of D. W. Cosley.

Attorney W. L. Miller represented the churches as counsel at the hearing. Prosecuting Attorney Harry D. Smith appeared for the state and county.

In determining the income tax due from the Cosley estate, Judge Marshall held that the 90 per cent of the legacy to the churches, which the testator had designated should be disseminated for charitable purposes was exempt from the provisions of the inheritance tax law. The remaining 10 per cent, which was to be used for church expenses, he held was subject to the tax. The amount of the tax due from each church under the ruling is about \$52.

Attorney Miller, representing the churches, filed exceptions to the determining of the tax.

As there is no decision in the Ohio courts regarding such a matter, the question is an interesting one for determination. It will probably be carried to the higher courts.

## MOTHER IS WAGING FIGHT FOR CHILD

Upon the decision of Probate Judge Virgil H. Gibbs of Champagne County, Urbana, hangs the future of Margaret Louise Houdyshell, nine years old, over whom a fight for possession is being waged by her mother, Mrs. Hilda Milner Mankin and her foster father, William Houdyshell.

At the birth of the child, Mrs. Mankin, then Hilda Milner, gave her up willingly to Mr. and Mrs. Houdyshell, who have supported her all but six weeks of her nine years of life. Since the death of Mrs. Houdyshell, her husband has been as father to the child, had planned to give her a good education.

Since then, the mother of the little girl married and now that Mrs. Houdyshell is dead, she wants the child back, basing her claim on that statement that Mrs. Houdyshell had promised her that in case of her death the child should be returned to the mother.

## "BUD" OWENS SCORES DECISIVE VICTORY

Fifteen employees of the local branch of the company attended the banquet, which is a monthly affair, and were afterwards entertained by Keith vaudeville performers and the cast of the production now showing at the Lyric.

There were three boxing matches scheduled and the local lad proved that he is in perfect condition by forcing Young Smith to quit in the fourth round of their go.

On account of the illness of the rural route carrier, James Conard, and because no mail was secured to fill his place, no mail was delivered on the route for several days.

Mrs. Etta Reeves, the Star route carrier, took the rural mail on Monday and her husband G. S. Reeves carried the mail to Roxanna.

Chicago, Jan. 28.—Postal inspectors awaited the arrival here today of pretty Irene Elizabeth McAuliffe, fugitive postmistress of Franklin Park, Ill., and Merrill Inks, her "city feller," with whom she fled through many states, following the finding of a \$13,000 deficit in her post office accounts.

The two were captured in Cleveland after a chase of more than a week. They were trailed to St. Louis, Hot Springs, Memphis and Cleveland, by a loose brass cleat on a trunk they took with them.

## GOOD HEALTH NECESSARY FOR SUCCESS

Conspicuous Success Requires Tireless Energy, "Buildup" Tenacity, Vigor

Red-blooded Men In Demand

Each Year Pepto-Mangan Restores Thousands to the Red-blooded Class.

Modern business can't wait for the easily-exhausted, nervous, weak-bodied man or woman. Every executive is on the constant lookout for enthusiastic, vigorous, red-blooded individuals, for he knows that with a strong body and a keen mind such employees can easily stand the strain of heavy responsibilities, quickly master their work and develop into important positions.

After all, being "live," energetic, and full-blooded is just a matter of whether or not a man or woman believes a healthy physical condition worth while, for unless you are afflicted with some deep-seated ailment, the intelligent use of Gude's Pepto-Mangan is all that is usually necessary.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out, run-down feeling disappears, and in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your druggist's, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan.

Henry Vandyke, Well Known Milk Dealer, Tells a Striking Nerv-Worth Story.

That which gave this endorser faith in Nerv-Worth has given thousands of fellow sufferers the same faith.

Nerv-Worth Co.—Before taking Nerv-Worth, in fact ever since I was 17, I had serious stomach trouble. Could not eat cabbage, turnips, corn, cakes, nor many vegetables, except with serious distress. When I saw that every Nerv-Worth ad contained the words "Your Dollar back if the tonic does not help YOU," I concluded that the remedy must have real merit. I bought a bottle of it. The first bottle did me so much good that I felt encouraged to believe it would cure my indigestion if I kept on. So I took Nerv-Worth until four bottles had gotten in their work against my trouble, and now I am cured. I can digest all those foods which gave me so much distress and can go to bed and sleep like a baby. Nerv-Worth also has banished all my nervousness and sleeplessness. I have taken all kinds of medicines. None gave the satisfaction that Nerv-Worth has.

## JAMES JEFFRIES CELEBRATES 99TH BIRTHDAY ON FRIDAY; STILL IN GOOD HEALTH

"If I had my sight, I could work as good as I ever did," says James Jeffries, 722 West Second street who will celebrate the ninety-ninth anniversary of his birth, Friday.

Until he was 94 years of age,

## CELEBRATES 99TH BIRTHDAY FRIDAY

JAMES JEFFRIES

more than 75 years after he learned his trade, Mrs. Jeffries worked as a cabinet maker in this city. Failing eyesight caused him to quit.

Mr. Jeffries expects to live beyond the century mark. He is in good health, although noticeably more feeble than he was a few years ago, but he is anticipating his birthday Friday, when his family will spend the day with him, and he expects his friends to call and extend felicitations. Fresh air and right liv-

ing he says have helped him to live to his hundredth year.

Mr. Jeffries is of Indian Ancestry. He is of Indian ancestry, a descendant of Pocahontas. The head of his family in this country was an Englishman who married an Indian maiden in old Virginia. His Indian ancestry shows itself in every feature of his still strongly marked face, and in the hardihood which kept him a strong man, at his work bench until he was a monogermanian.

Mr. Jeffries was born in Greenville county, Virginia, near Jamestown. When he was eleven years old the family came overland to Ohio, using for the trip a wagon that had been used for hauling cotton to the markets. The women and children rode, and the men and boys walked every step of the 500 miles. They started in October, and winter overtook them before journey was completed. Many a night they pitched their tents after clearing away drifted snow more than a foot deep.

Reaching Greene county they lived for a time in a log house six miles from Xenia. Mr. Jeffries remembers the little frame court house which occupied the public square in Xenia, the jail and the market house.

Moved to Cedarville.

The family settled in Cedarville, when that town had only two stores and ten houses, and wasn't nearly so big or important as was Clifton.

Apprenticed to Uriah Jeffries, a distant relative, the youth learned the trade of cabinet maker at which he worked for more than three score years and ten. His nephew James Jeffries who died about ten years ago was in business with him for a great many years, and both were masters of their craft.

Mr. Jeffries is the oldest pupil of the First Methodist Episcopal Sunday school.

His wife and his children, Mrs. J. W. Eley, and William of this city, and Henry of Hamilton, with their families expect to spend his birthday with him.

## PERMIT EX-SERVICE MEN TO SERVE, SAID

Columbus, O., Jan. 28.—Ex-service men in Ohio may be able to serve in public positions without being compelled to take civil service examinations, if the Liggitt bill, already passed in the house and senate, is signed by Governor Cox.

The bill proposes that ex-soldiers and ex-sailors shall be certified for appointment to any civil service position, for which they make application without examination.

## Americans Excluded From I. L. B. at Paris

Paris, Jan. 27.—The international labor bureau created by the peace conference today, decided to communicate decisions of the international labor conference only to countries that are represented at the sessions now being held here. Their application will be left to the League of Nations. This excludes the United States from participation, as there are no American delegates here. M. Guerin, of France, and M. Carlier, of Belgium, representing the employers, objected, contending that only the national parliaments could enforce the decisions in the various countries. The suggestion was made that America has tentative representation at the labor meeting pending the possible ratification of the treaty and the League of Nations by the American senate.

## A QUEER LEGACY

By T. B. ALDERSON

(Copyright, 1920, Western Newspaper Union)

The president of a bank at Lupton betrayed considerable surprise when Abner Brill produced a great heap of money and requested him to procure for the same a ten-thousand-dollar bill. Mr. Brill was an eccentric kind of a man and the official did not venture to question him about his intentions.

The latter proceeded to place them in immediate execution. He was a confirmed invalid and had done little business for over a year. Miss Dorothy Wayne, private secretary, attended to most of his affairs. He had implicit trust and a liking for that bright, intelligent young lady.

"Miss Wayne," he announced to her the day he received the ten-thousand-dollar bill from the bank, "my physician has informed me that if I live a month longer, I will be doing well. Let that pass, however. I wish to leave my affairs in as settled a condition as possible, and desire to make some provision for my two nephews, Warren and Andrew Dudley, and yourself."

"You are probably anticipating what may not occur," suggested Dorothy.

"As you like about that, but I think I am acting wisely. I have little outside of actual cash. This represents it," and Mr. Brill drew forth the crisp new ten-thousand-dollar treasury note and took up a pair of scissors.

Dorothy was too well trained a confidential companion of her employer to criticize his actions, but she started and stared as he proceeded to cut the precious bit of paper into three even pieces.

"One of these," he proceeded, calm and businesslike, "is to go to Warren Leigh, one to Andrew Dudley, and one to yourself. When I die, you are to act on certain instructions. For years there has been a mutual dislike on the part of my nephews. They do not speak to each other. Andrew has said some bitter things about Warren, and the latter has been cool and dignified whenever they chance to meet."

"If you will allow me, Mr. Brill," spoke Dorothy, "I do not think that Mr. Leigh harbors any actual rancor against his cousin."

"Yes, I know you always favored him, and perhaps you are right," responded Mr. Brill, "but I depute you to carry out my experiment all the same. This you are to do—act as umpire when I am gone. You three are to meet, those two mortal enemies are to make up, shake hands and stand the test for a week of acting like rational human beings in a friendly way. At the end of that period if you see an indication of passable cordial relations, you are to accept from them the bill thirds, join them together with your own, get it cashed and divide the proceeds equally."

In the course of three weeks Mr. Brill died and Dorothy, as directed in turn visited the two cousins, handed each a third of the bill and explained the situation.

"Dunno as I'll consent to the arrangement," observed Andrew gruffly. "I never liked Warren and never will. I'd use my part of the bill for a cigar lighter, if I thought it would spite him!"

"Then my share would be good only for a curl paper," smiled Dorothy. "Come, Mr. Dudley, I fear you misjudge your cousin."

"Why, I have always been ready to forgive and endure Andrew Dudley," said Warren, when Dorothy called upon him. "He has maligned me, he hates me, and I should never trust him. I am, however, willing to tolerate him, and, if he mends in time, try to be pleasant with him."

A few days later Andrew sought out Dorothy. "I've figured it out," he said. "See here, you're a promising young lady, and I'd be proud to call you my wife. What do you say to going partners with over six thousand dollars between us? We would have a fine start in life."

"Thank you, no," dissented Dorothy icily.

"Then I'll hold back my third of the bill till you and Warren are gray headed! That fellow shan't never get his share if I can help it."

On day Andrew Dudley met with the shock of his life. He kept the third of the banknote in his desk in his room. There was a fire. House, desk and his inheritance went up in smoke.

"All the same, Warren can't get his share," he fooled himself by believing.

"Warren," Dorothy called him that now. "I found out something I never knew before. I supposed that all the three parts of that ten thousand dol-

lar bill would have to be passed together to secure its redemption. That is not so. The government will exchange any bill of which anything over half is presented.

And thereupon these two harmonious souls cashed their holdings for full face value.

Then Warren won anew upon the admiration and esteem of Dorothy by meeting Andrew, handing him one third of the ten thousand dollars and inviting him to the wedding. "Yes, Warren acted pretty square," acknowledged the mentally twisted Andrew. "All the same, he's got the best of it—his share and Dorothy, and she's worth the having. Maybe I might have won her if I'd started in the right way."

## NOT ABLE TO WORK IN PAST TWO YEARS

Delaware Co., Ohio, Man Now Praising the Great Remedy, Drecto, for the Good It has Done Him.

Indigestion, Gastritis, Constipation, Liver Trouble, and Complications Had Him Down and Out, He Says.

"I've been down and out and not able to work for the past two years, but it's different now," said Mr. Williams Hughes, the well known farmer residing at Galena, Delaware Co., Ohio.

"I had indigestion the worst kind, suffered after each meal from gastritis. My bowels were bound up and my liver very sluggish, often giving me headaches and dizzy spells. My appetite fell off to nothing, and I could not sleep sound. I've now taken two bottles of Drecto, and my improvement is remarkable; I'm feeling fine once more. My bowels act regularly; the dizzy spells passed away, have a huge appetite and every thing I eat seems to agree with me. My strength has returned; in fact I'm feeling better than I have in many months, and I give the credit to Drecto."

Many people suffering from a deranged stomach, liver, kidney, or intestinal trouble, have different symptoms. In fact any one of the following may designate these complaints: constipation, sick headache, heartburn, costiveness, no benefit from sleep, tired feeling, coated tongue, dark circles under the eyes, indigestion or dyspepsia.

Drecto, the new herbal stomach remedy, attacks and destroys all poisons in the blood, corrects diseased conditions of the stomach, liver, and kidneys, and restores them to normal condition, thereby forcing them to perform their natural functions.

All good druggists now sell Drecto, and it is highly recommended in Xenia, by Sohn's Drug Store.

Until he was 94 years of age, he says he has helped him to live to his hundredth year.

Mr. Jeffries of Indian Ancestry. He is of Indian ancestry, a descendant of Pocahontas. The head of his family in this country was an Englishman who married an Indian maiden in old Virginia. His Indian ancestry shows itself in every feature of his still strongly marked face, and in the hardihood which kept him a strong man, at his work bench until he was a man of 90.

Mr. Jeffries was born in Greenville county, Virginia, near Jamestown. When he was eleven years old the family came overland to Ohio, using for the trip a wagon that had been used for hauling cotton to the markets. The women and children rode, and the men and boys walked every step of the 500 miles. They started in October, and winter overtook them before journey was completed. Many a night they pitched their tents after clearing away drifted snow more than a foot deep.

Reaching Greene county they lived for a time in a log house six miles from Xenia. Mr. Jeffries remembers the little frame court house which occupied the public square in Xenia, the jail and the market house.

Moved to Cedarville. The family settled in Cedarville, when that town had only two stores and ten houses, and wasn't nearly so big or important as was Clifton.

Apprenticed to Uriah Jeffries, a distant relative, the youth learned the trade of cabinet maker at which he worked for more than three score years and ten. His nephew James Jeffries who died about ten years ago was in business with him for a great many years, and both were masters of their craft.

Mr. Jeffries is the oldest pupil of the First Methodist Episcopal Sunday school.

His wife and his children, Mrs. J. W. Eley, and William of this city, and Henry of Hamilton, with their families expect to spend his birthday with him.

PERMIT EX-SERVICE MEN TO SERVE, SAID

Columbus, O., Jan. 28.—Ex-service men in Ohio may be able to serve in public positions without being compelled to take civil service examinations, if the Liggitt bill, already passed in the house and senate, is signed by Governor Cox.

The bill proposes that ex-soldiers and ex-sailors shall be certified for appointment to any civil service position, for which they make application without examination.

Americans Excluded From I. L. B. at Paris

Paris, Jan. 27.—The international labor bureau created by the peace conference today, decided to communicate decisions of the international labor conference only to countries that are represented at the sessions now being held here. Their application will be left to the League of Nations. This excludes the United States from participation, as there are no American delegates here. M. Guerin, of France, and M. Carlier, of Belgium representing the employers, objected, contending that only the national parliaments could enforce the decisions in the various countries. The suggestion was made that America has tentative representation at the labor meeting pending the possible ratification of the treaty and the League of Nations by the American senate.

By T. B. ALDERSON

The president of a bank at Lupton betrayed considerable surprise when Abner Brill produced a great heap of money and requested him to procure for the same a ten-thousand-dollar bill. Mr. Brill was an eccentric kind of a man and the official did not venture to question him about his intentions.

The latter proceeded to place them in immediate execution. He was a confirmed invalid and had done little business for over a year. Miss Dorothy Wayne, private secretary, attended to most of his affairs. He had implicit trust and a liking for that bright, intelligent young lady.

"Miss Wayne," he announced to her the day he received the ten-thousand-dollar bill from the bank, "my physician has informed me that if I live a month longer, I will be doing well. Let that pass, however. I wish to leave my affairs in as settled a condition as possible, and desire to make some provision for my two nephews, Warren and Andrew Dudley, and yourself."

"You are probably anticipating what may not occur," suggested Dorothy.

"As you like about that, but I think I am acting wisely. I have little outside of actual cash. This represents it," and Mr. Brill drew forth the crisp new ten-thousand-dollar treasury note and took up a pair of scissors.

Dorothy was too well trained a confidential companion of her employer to criticize his actions, but she started and stared as he proceeded to cut the precious bit of paper into three even pieces.

"One of these," he proceeded, calm and businesslike, "is to go to Warren Leigh, one to Andrew Dudley, and one to yourself. When I die, you are to act on certain instructions. For years there has been a mutual dislike on the part of my nephews. They do not speak to each other. Andrew has said some bitter things about Warren, and the latter has been cool and dignified whenever they chance to meet."

"If you will allow me, Mr. Brill," spoke Dorothy, "I do not think that Mr. Leigh harbors any actual rancor against his cousin."

"Yes, I know you always favored him, and perhaps you are right," responded Mr. Brill, "but I depute you to carry out my experiment all the same. This you are to do—act as umpire when I am gone. You three are to meet, those two mortal enemies are to make up, shake hands and stand the test for a week of acting like rational human beings in a friendly way. At the end of that period if you see an indication of passable cordial relations, you are to accept from them the bill thirds, join them together with your own, get it cashed and divide the proceeds equally."

In the course of three weeks Mr. Brill died and Dorothy, as directed in turn visited the two cousins, handed each a third of the bill and explained the situation.

"Dunno as I'll consent to the arrangement," observed Andrew gruffly. "I never liked Warren and never will. I'd use my part of the bill for a cigar lighter, if I thought it would spite him."

"Then my share would be good only for a curl paper," smiled Dorothy. "Come, Mr. Dudley, I fear you misjudge your cousin."

"Why, I have always been ready to forgive and endure Andrew Dudley," said Warren, when Dorothy called upon him. "He has maligned me, he hates me, and I should never trust him. I am, however, willing to tolerate him, and, if he mends in time, try to be pleasant with him."

A few days later Andrew sought out Dorothy. "I've figured it out," he said. "See here, you're a promising young lady, and I'd be proud to call you my wife. What do you say to going partners with over six thousand dollars between us? We would have a fine start in life."

"Thank you, no," dissented Dorothy. "Then I'll hold back my third of the bill till you and Warren are gray headed! That fellow shan't never get his share if I can help it."

On day Andrew Dudley met with the shock of his life. He kept the third of the banknote in his desk in his room. There was a fire. House, desk and his inheritance went up in smoke.

"All the same, Warren can't get his share," he foisted himself by believing.

"Warren," Dorothy called him that now. "I found out something I never knew before. I supposed that all the three parts of that ten thousand dol-

lar bill would have to be pasted together to secure its redemption. That is not so. The government will exchange any bill of which anything over half is presented.

And thereupon these two harmonious souls cashed their holdings for full face value.  
Then Warren won anew upon the admiration and esteem of Dorothy by meeting Andrew, handing him one third of the ten thousand dollars and inviting him to the wedding.  
"Yes, Warren acted pretty square," acknowledged the mentally twisted Andrew. "All the same, he's got the best of it—his share and Dorothy, and she's worth the having. Maybe I might have won her if I'd started in the right way."

## NOT ABLE TO WORK IN PAST TWO YEARS

Delaware Co., Ohio, Man Now Praising the Great Remedy, Drecto, for the Good It has Done Him.

Indigestion, Gastritis, Constipation, Liver Trouble, and Complications Had Him Down and Out, He Says.

"I've been down and out and not able to work for the past two years, but it's different now," said Mr. Williams Hughes, the well known farmer residing at Galena, Delaware Co., Ohio.

"I had indigestion the worst kind, suffered after each meal from gastritis. My bowels were bound up and my liver very sluggish, often giving me headaches and dizzy spells. My appetite fell off to nothing, and I could not sleep sound. I've now taken two bottles of Drecto, and my improvement is remarkable. I'm feeling fine once more. My bowels act regularly; the dizzy spells passed away, have a huge appetite and everything I eat seems to agree with me. My strength has returned; in fact I'm feeling better than I have in many months, and I give the credit to Drecto."

Many people suffering from a deranged stomach, liver, kidney, or intestinal trouble, have different symptoms. In fact any one of the following may designate these complaints: constipation, sick headache, heartburn, costiveness, no benefit from sleep, tired feeling, coated tongue, dark circles under the eyes, indigestion or dyspepsia.

Drecto, the new herbal stomach remedy, attacks and destroys all poisons in the blood, corrects diseased conditions of the stomach, liver, and kidneys, and restores them to normal condition, thereby forcing them to perform their natural functions.

All good druggists now sell Drecto, and it is highly recommended in Xenia, by Sohn's Drug Store.

## SNOW PLOWS USED TO CLEAR PATH FOR TRIAL

Grand Rapids, Mich., Jan. 28.—

Rotary snow plows operating in the huge drifts which block northern Michigan, cleared the way today for the actual opening of the trial of U. S. Senator Truman H. Newberry and 134 of his co-defendants in the vote fraud trial. Belated trains brought the last of the defendants, whose absence at the session yesterday caused temporary delay in the proceedings. There was also extra contingent of prospective jurors for duty and the business of selecting 12 men will start in earnest today. Although Judge Sessions has already cut down the list sharply by means of his questionnaires, it is expected that some days will pass before the full panel can be obtained. Senator Newberry and his adherents are making the Pantland hotel their headquarters and the lobbies buzz with political speculation and gossip.

## SNOW PLOWS USED TO CLEAR PATH FOR TRIAL

Grand Rapids, Mich., Jan. 28.—Rotary snow plows operating in the huge drifts which block northern Michigan, cleared the way today for the actual opening of the trial of U. S. Senator Truman H. Newberry and 134 of his co-defendants in the vote fraud trial. Belated trains brought the last of the defendants, whose absence at the session yesterday caused temporary delay in the proceedings. There was also extra contingent of prospective jurors for duty and the business of selecting 12 men will start in earnest today. Although Judge Sessions has already cut down the list sharply by means of his questionnaires, it is expected that some days will pass before the full panel can be obtained. Senator Newberry and his adherents are making the Pantland hotel their headquarters and the lobbies buzz with political speculation and gossip.

## RUSSIANS TO HONOR YANK MAJOR

Washington, January 28.—A graphic account of the part played by Major Samuel I. Johnson, of Honolulu, assistant commandant of the allied forces in Vladivostok during revolutionary fighting in that city November 17 and 18 has been received by Red Cross headquarters here.

The Red Cross report says that Major Johnson has been recommended to the All-Russian Government for decoration with the Officer's Cross of St. George for services he rendered to the public of Vladivostok during the fighting.

As a recommendation is considered to be equivalent to bestowal this makes the sixth award received by Major Johnson during his service in Siberia with the American forces, among being the Russian Medal of St. Anne and Japanese, Czechoslovak, Italian and Chinese decorations.

Governor M. M. Eversman of Primorsky Province, in a letter to Major General W. S. Graves, commanding the American forces in Siberia said:

"I cannot leave unmentioned the fact that Major Johnson, having fulfilled his plan splendidly in guarding the town and the peaceful population, though exposing his own life to danger, under furious fire, succeeded four times in reaching passenger trains that were in the center of the fighting zone and from there brought to safety officers, their families and

## THOUSANDS PLAY THE RACES IN DAYTON

Dayton, Jan. 27.—Information that five thousand persons in Dayton are playing the races, was brought out by the official gambling investigating committee here yesterday.

No estimate could be given as to the total amount of money exchanged each day, although it is said that it runs into thousands of dollars. Detectives of the Dayton police force called before the hearing Tuesday denied that they knew gambling existed in Dayton and praised Safety Director James as being efficient.

George Klinger, former member of the police force, testified that he was severely criticized by James for making a raid without orders on gamblers on Pearl street. "We could not make a single raid without orders from headquarters and we never got orders," said Klinger. He further stated that James showed partiality in promotions on the police force and that he protected certain houses on Pearl street alleging that the director denied that the "red light" district was being operated when in fact it was.

Examiner Roy Fitzgerald denied that any testimony was brought out in the hearing that money was given James for protection.

Coming on top of the investigation arrests were made by police yesterday on violations of the racing ordinance. Racing forms were found.

## TAKE PEPSINCO

Don't burn good fuel in a poor stove

It's a useless waste of good fuel and a needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment, if your food does you no good, if food distresses rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEP SINCO.

Ask your druggist—he sells and recommends Pepsinco.

Washington, January 28—A graphic account of the part played by Major Samuel L. Johnson, of Honolulu, assistant commandant of the allied forces in Vladivostok during revolutionary fighting in that city November 17 and 18 has been received by Red Cross headquarters here.

The Red Cross report says that Major Johnson has been recommended to the All-Russian Government for decoration with the Officer's Cross of St. George for services he rendered to the public of Vladivostok during the fighting.

As a recommendation is considered to be equivalent to bestowal this makes the sixth award received by Major Johnson during his service in Siberia with the American forces, others being the Russian Medal of St. Anne and Japanese, Czechoslovak, Italian and Chinese decorations.

Governor M. M. Eversman of Primorsky Province, in a letter to Major General W. S. Graves, commanding the American forces in Siberia said:

"I cannot leave unmentioned the fact that Major Johnson, having fulfilled his plan splendidly in guarding the town and the peaceful population, though exposing his own life to danger, under furious fire, succeeded four times in reaching passenger trains that were in the center of the fighting zone and from there brought to safety officers, their families and

## THOUSANDS PLAY THE RACES IN DAYTON

Dayton, Jan. 27.—Information that five thousand persons in Dayton are playing the races, was brought out by the official gambling investigating committee here yesterday.

No estimate could be given as to the total amount of money exchanged each day, although it is said that it runs into thousands of dollars. Detectives of the Dayton police force called before the hearing Tuesday denied that they knew gambling existed in Dayton and praised Safety Director James as being efficient.

George Klinger, former member of the police force, testified that he was severely criticised by James for making a raid without orders from headquarters and we never got orders," said Klinger. He further stated that James showed partiality in promotions on the police force and that he protected certain houses on Pearl street alleging that the director denied that the "red light" district was being operated when in fact it was.

Examiner Roy Fitzgerald denied that any testimony was brought out in the hearing that money was given James for protection.

Coming on top of the investigation arrests were made by police yesterday on violations of the racing ordinance. Racing forms were found.

**Don't burn good fuel  
in a poor stove**

It's a useless waste of good fuel and a needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment, if your food does you no good, if food distresses rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEP SINCO.

Ask your druggist—he sells and recommends Pepsinco.

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest factory devoted solely to the 30x3-, 30x3 1/2-, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.
